

RECURRING ISSUES

We can do better than this!

RECURRING ISSUES

- LADDER SAFETY

- Inspections

- ✓ Inspect before EVERY use

- Work Practices

- ✓ Do not work off top or upper rungs
 - ✓ Do not climb (up or down) while carrying material
 - ✓ Be aware of surroundings

RECURRING ISSUES

- LOCKOUT/TAGOUT

- Follow Stennis Lockout/Tagout rules

- RED Locks for Lockout/Tagout

- EVERYBODY locks out, not just the supervisor

RECURRING ISSUES

- Extension Cords
 - Inspect before EVERY use
 - Inspect daily
 - Use GFCI's with powered handtools
 - Grounded plugs are REQUIRED

RECURRING ISSUES

- Excavations/Dig Permits
 - Do not dig unless utilities are clearly marked

 - Hand dig if there is ANY doubt

RECURRING ISSUES

- Fall Protection

- Required if above 6 feet

- Always have a plan if you are working above six feet

- If no hand/mid rails are available, you must have fall protection
